Barriers

- ❖ Language skills on entry into our Reception class are below that of reception age children which hinders the early acquisition of reading, writing and phonic skills.
- ❖ Several pupils have social, behavioural and emotional needs that impact on relationships, learning and progress.
- ❖ For some dis-advantaged pupils attendance and punctuality is below our expectations and they miss out on important learning too regularly.
- ❖ Some of our dis-advantaged pupils live in areas where up to 30% of children are living in poverty.
- ❖ For some pupils their complex family circumstances can also be considered a barrier for example home learning and reading is not as secure as for non-disadvantaged pupils
- ❖ Within each year group there are a number of pupils eligible for the pupil premium and although there are some common barriers we endeavour to identify each pupil's unique circumstances and address these through individualised provision and targeted support.

Desired outcomes *(Desired outcomes and how they will be measured)*

- ✓ Swift impact on improving language skills of Reception age children so that learning is supported
- ✓ To strengthen key systems to ensure disadvantaged pupils' individual needs are addressed so that the difference between this group and others nationally continues to be reduced.
- ✓ To strengthen the pastoral support for those pupils whose social and emotional needs are having an adverse impact on their attainment and achievement
- ✓ To continue to improve the attendance rates and punctuality of dis-advantaged children so that it matches national averages (96%)
- ✓ To strengthen engagement of PPG pupils with a focus on support for parents and our hard to reach families
